

ROMANIA - GYMNASTICS

Director(s): Marie DAVID

Romanian gymnasts are champions of a discipline that is very tough on the body of the young who start their training at an early age. The entire country feels a deep affinity with this sport that demands total dedication and self-denial. Nadia Comaneci incarnated perfection at the Montreal Olympics in 1976. She lives today in Oklahoma and is still active in her chosen sport.
