CUBA: WHITE COAT REVOLUTIONARIES

Director(s): Jose MALDAVSKY

The Sierra Maestra, Cuba's Sun Mountain, entered into legend the 2nd December 1958, when the Castro brothers, Fidel and Raul, arrived with a handful of men, including Che Guevara, to launch a guerilla war against Batista's dictatorship. Two years later, they came down from the Sierra Maestra to take power in Havana. That day another adventure began, that of the family doctors. It is the exploits of these men, scattered around the Sierra Maestra, which today provide the key to the discovery of one of the World's most famous mountains
