In most developed nations today, immigration has become a  
hotly debated issue. Immigrants are not always welcome when  
they arrive...

Countries with a multi-cultural approach, like Canada, the USA  
and Great Britain, encourage immigrants to keep their  
customs and culture. Others, like France, Holland and  
Denmark urge immigrants to integrate and adopt Western  
values.

In this film we meet an extended family of immigrants from the  
Horn of Africa - Somaliland, torn apart by civil war for the last  
30 years. They now live in 6 different countries. This is their  
story, told in their own words.
