In most developed nations today, immigration has become a hotly debated issue. Immigrants are not always welcome when they arrive...

Countries with a multi-cultural approach, like Canada, the USA and Great Britain, encourage immigrants to keep their customs and culture. Others, like France, Holland and Denmark urge immigrants to integrate and adopt Western values.

In this film we meet an extended family of immigrants from the Horn of Africa - Somaliland, torn apart by civil war for the last 30 years. They now live in 6 different countries. This is their story, told in their own words.
