Vincent Guillot... His first name is that of a man, but he was born with male and female genitals.
He thought his case was the only one in the world. And it was only when he was 37 that he was able to put a name to his condition: he was an intersex person ...

At the Douarnenez film festival, intersex people from all over the world come together and discover they have a lot in common with other "minorities", including the deaf. Isabelle Voizeux from the "Oeil et la main" team, meets to talk openly about this mostly unknown issue.
