

DARK SIDE OF THE MOON (2018 remastered version)

Director(s): William KAREL

Writer(s): William KAREL

2019 marked the 50th anniversary of man's first steps on the moon on 20 July 1969!
Now online: new remastered HD version of this cult mockumentary!

What if it had been just a huge hoax initiated by the two super powers of the space race at the time? A piece of "fake news" before its time?
Filmmaker William Karel has always been fascinated by Hollywood's talent to produce great pictures,breath-taking cinema. Shows that keep you hanging on to your seat.
What better story than THE event that marked the 20th century to produce the greatest show of all time: the landing on the moon!

Between lies and truth, DARK SIDE OF THE MOON mixes real facts with fake and totally invented bits of news. A blend of irony and lies, this mockumentary aims to entertain and to raise the issue of the use of archives, which can be used to say whatever one wants ...
