

EP3 - Desire and Consent: 1956 to Present Day

Director(s): Mike MAGIDSON, Cédric DEFERT

Writer(s): Françoise DAVISSE, Carl ADERHOLD

These are the years when the pill was invented, the days of sexual freedom. And it means that love will change more in the next fifty years, than in the previous two centuries.

For the first time, women lead the dance. But what is it they want exactly? Nothing less than equality in love. That their desire counts as much as that of men. And thus, the battle for consent begins.
